2018 STEM Showcase
January 25 & 26**

We are excited about our 2018 STEM showcase. On Thursday we had visitors from the Pittsburgh Institute of Aviation, Santee Cooper, Engineers from Grand Strand Water and Sewer Authority, Dr. Chuck Tarbert, Jeff Case a CCU Technology Professor presenting 3D printing, and Brian Bonnell with S&W Ready Mix presenting the logistics of cement making. Also, we had our own students' science fair projects on display. On Friday, we began the day with the ReMax hot air balloon flight demonstration. In the afternoon we had YWAM Boston performing a multifaceted artistic production involving theatre, music, dance, media and visual art called "Encounter".

Thank you for choosing Christian Academy of Myrtle Beach to educate your child; we know that you believe in the value of an excellent, academically rich Christian education. We want to encourage and reward you for sharing Christian Academy with your family and friends. Thus, we are bringing back the Referral Credit Program!!!

The Referral Credit Program provides a one-time tuition credit of \$500.00 for each child referred who becomes fully enrolled (which means they have gone through the entire admissions process - application, pre-admission testing, family meeting, fees paid). For example, if you refer 3 children who become fully enrolled, you would receive a \$1500.00 tuition credit. The Referral Credit program will be applicable in the 2018-2019 school year.
