"It was a joy to be with our students for the day, and I was quite impressed with each of them and their prayerful plans for their futures."

-Byron David

This year, CA has implemented a job shadow initiative for all 11th graders. Students determine career areas that interest them and then spend 3 to 4 hours with a person a related field.

Two of our High School Advisory Groups made a beautiful art piece displaying the themes discussed this year! Wow what an amazing job!
