JOB SHADOWING

Did you know high school students can explore their future careers during the school day?

CA students, Isabelle Mendes and Millie Griffith, recently did just that, visiting the McLeod Health Carolina Forest Campus for an immersive job-shadowing experience.

The students were given a rare look inside an Operating Room and met one-on-one with a nurse to discuss the educational requirements and career trajectory of Nurse Anesthesia. By bridging the gap between the classroom and the hospital, these students are getting a head start on their professional journeys.

Money from the Fun Run goes towards the many expenses of offering our wide range of athletic programs. Referees and officials, field upkeep, equipment, coach stipends and travel are just some of the expenses we avoid adding to the cost of tuition through events like the Fun Run. It's a great way to get your extended family involved in your child's education!
