Head of School Search Update

March 2026

The Board of Trustees, working alongside the Head of School Search Committee, continues to make good progress in the national search process that began last fall. After receiving interest from many qualified candidates and moving through a thorough and thoughtful process, the Board has recently welcomed a leading candidate to campus for further engagement. We are grateful to God for His continued provision and anticipate a formal announcement in the very near future. We sincerely appreciate your continued prayers and support.
