## **STUDENTS AND FACULTY PARTICIPATE IN STEM RECERTIFICATION**

*Christian Academy recently hosted a virtual visit from COGNIA as part of the STEM recertification process, highlighting the culmination of hundreds of hours of work by faculty and staff to showcase how STEM is integrated across K-12 learning.*

Students fielded questions from the COGNIA team during their virtual recertification visit.

*On March 19, the COGNIA team conducted virtual interviews and discussions with CA students, staff, and parents to confirm and affirm the data provided. This STEM certification distinguishes Christian Academy as a leader in preparing students for future college courses and careers in STEM-related fields.*

Faculty members who worked diligently on the recertification report hosted the virtual visit to answer questions and affirm the comprehensive STEM program at CA.
