STEM @ CA
A COGNIA STEM
CERTIFIED SCHOOL

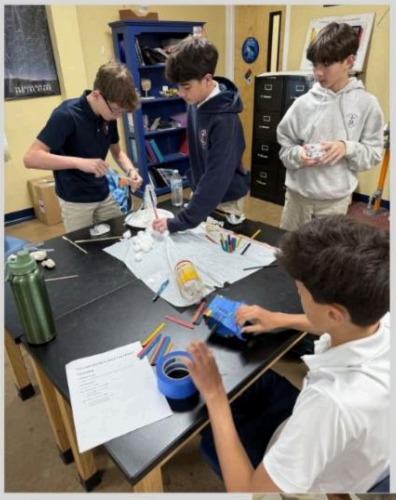

KRISTIN ROBINSON, PROFESSOR OF ANATOMY & PHYSIOLOGY AT HGTC (AND A CA PARENT) VISITED OUR 3RD GRADERS THIS WEEK TO TEACH THEM ABOUT THE EYE!!

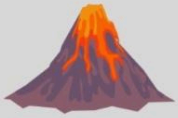

THE 7TH GRADERS HAD FUN WHILE LEARNING ABOUT CHEMICAL REACTIONS AND GEOLOGY WITH THEIR VOLCANO PROJECTS

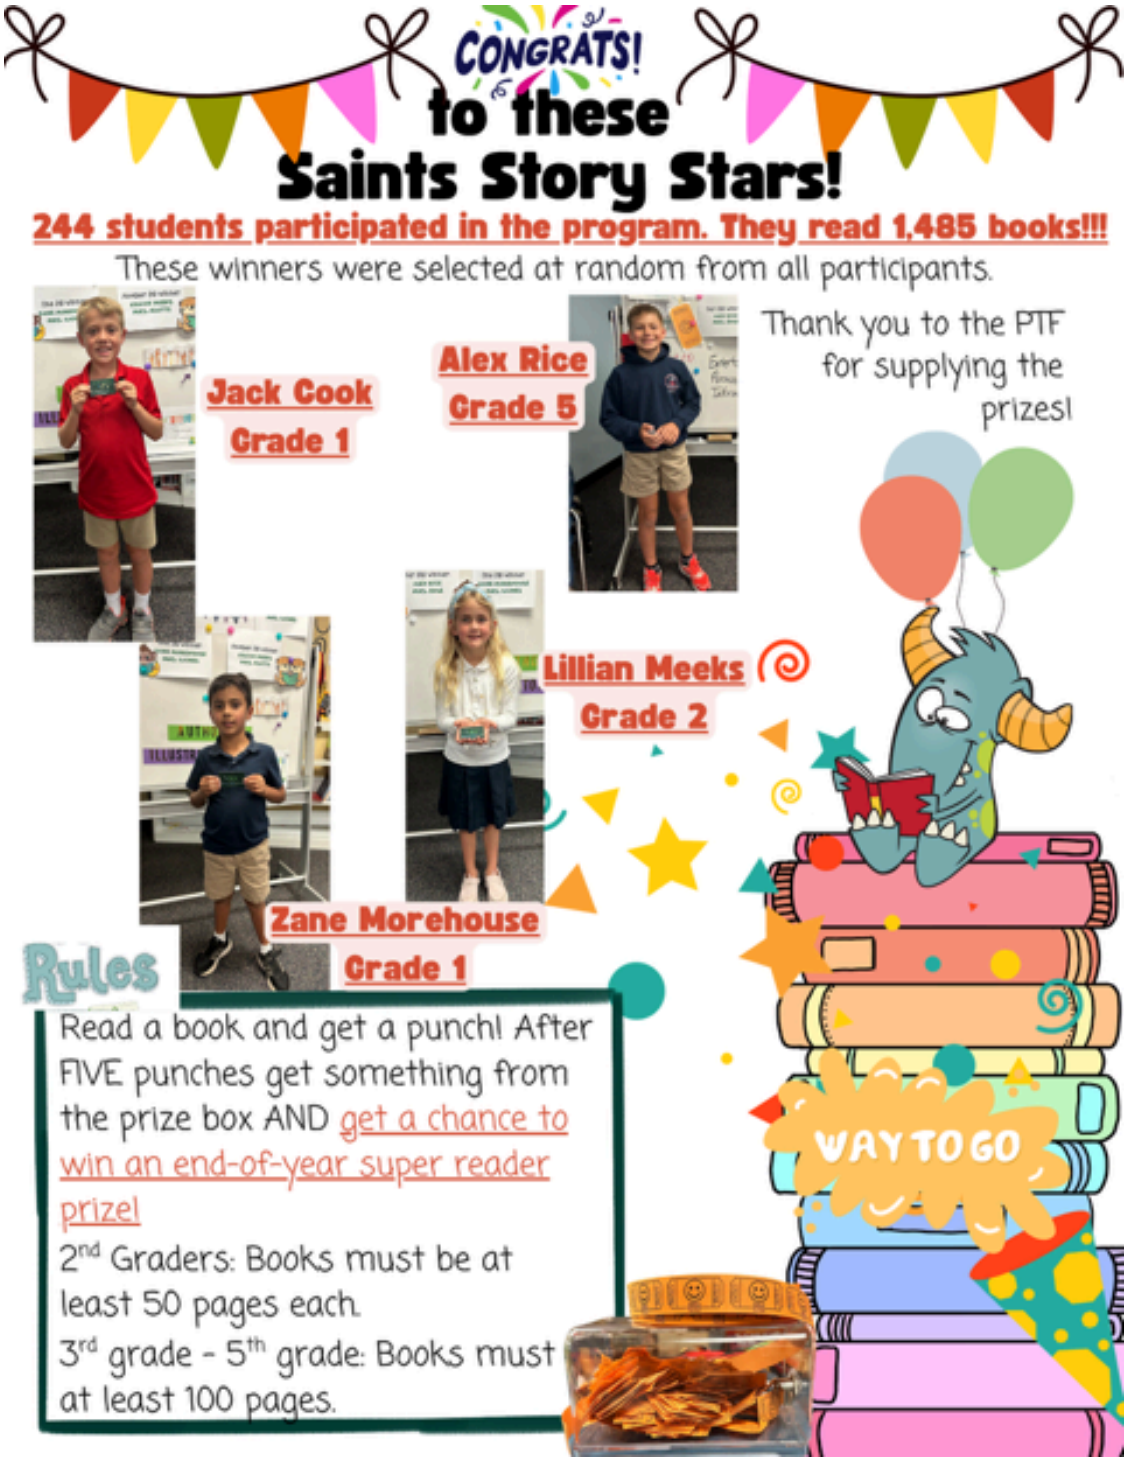

Chicks are hatching at CA!

Our 2nd graders are enjoying a hands-on learning experience as they incubate chicken eggs and watch chicks hatch right in Mrs. Kluttz's classroom. Through this exciting observation, students learn about life cycles, growth, and God’s amazing design of creation while experiencing the wonder of new life firsthand.

LEARNING AND GROWING

I ♥ READING

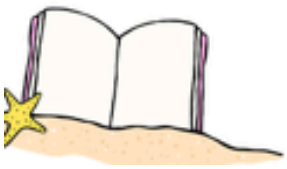

AVOID THE SUMMER SLIDE!

"The summer slide" = kids lose knowledge when not in school

Encourage your kids to dive into a good book by participating in a summer reading program! There are so many available:

- "Unearth a Story" - your Public Library
- The White House Reading Challenge
- Barnes & Noble
- "Reading with a Ranger" - SC State Parks
- Half-Price Books Summer Reading Challenge

If your child participates in any of the summer reading programs available (outside of CA's required reading), have them bring in their reading log during the first week of school, to the library. It must be signed by a parent or guardian to attest to their reading. Not only will they learn a thing or two, but they will enjoy an ice cream treat when they return to school, courtesy of our PTF! **Happy Reading!**
