IMPORTANT UPDATES

Head of School Search Update

The Christian Academy Board of Trustees is incredibly grateful for Katherine Cannon and the dedication with which she has faithfully served the past eight years as our Head of School. With appreciation and understanding, the Board recently accepted her resignation.

Because choosing the next Head of School is one of the Board's most important responsibilities, a Search Committee has been formed to lead a national search. This committee includes individuals with a wide range of connections to Christian Academy—parents, alumni, faculty, and former board leaders—each bringing valuable perspective as they work to identify the right person to lead CA into its next chapter.

The committee is currently reviewing resumes submitted from across the country through national Christian education platforms. Their first priority is to identify a leader with a strong personal commitment to Christ and full alignment with our school's Christian mission and values. Alongside that, they are looking closely for candidates who bring solid experience and proven qualifications as school educators and administrators. After careful vetting and interviews, the committee will recommend the top candidates to the Board of Trustees, who will make the final hiring decision.

The job posting is available on the Christian Academy website under [Contact > Job Opportunities](#). We ask our CA community to be praying for this process—trusting that God will provide the right leader for Christian Academy of Myrtle Beach.

Esports is an organized, competitive activity where students play strategy-based video games in a supervised, structured environment. Beyond gaming, Esports teaches teamwork, communication, critical thinking, and sportsmanship—all skills that directly translate to academic and personal growth. Students compete against other schools across the region and nation, following league rules and schedules just like traditional sports.
