Christian Academy Field Trip Driver's Guidelines

To ensure safety when on school-sponsored field trip, the following rules must be observed:

1. All students are to be individually buckled in by seat belts when moving in the motor vehicle.
2. Drivers are expected to follow the route selected by the teacher, unless prior approval for a route deviation has been secured.
3. The primary responsibility of the driver is to care for the students in the group assigned to the driver. Unless directed otherwise by the teacher in charge, keep those students with you at all times. Do not leave any location without having accounted for **ALL CHILDREN FOR WHOM YOU HAVE RESPONSIBILITY. Upon arrival at any location, make sure all students are accounted for when exiting vehicle and wait at agreed upon station until instructions are given by the coordinating or supervising teacher. Upon departure from any location, count all students under your care and assure that all are buckled in by their seat belts**
4. **When students have been returned to campus, remain with them until the teacher in charge has arrived and taken full responsibility for the class.**
5. Drivers are not to make stops that are not on the agenda for the entire class. (For example, stopping by a fast-food restaurant for a drink before coming back to the campus.) All stops must appear on the office Field Trip Request Form that was approved by the Principal.
6. Drivers are in authority in their vehicles. Correct any unsatisfactory behavior, including noise or rudeness, and provide the teacher in charge with information regarding any student(s) who fails to respond promptly and politely to correction.
7. If the trip requires several hours of driving time and the driver plans to have students view video tapes, listen to music, play handheld devices, etc. in the vehicle, the driver should refer to the teacher-specified guidelines.
8. Each driver is to complete the Parent Transportation Agreement form that provides insurance and driver information prior to leaving for the field trip.
9. The teacher should provide a written list of drivers and which students are riding in their car prior to departing the school grounds.
10. According to state law, and the safety of children, **drivers must NOT text while driving.**
